Sylmar, April 28th 2010.

To whom it may concern:

Mrs. Eva Star has completed an internship at our company during the first semester of 2010 through the program administered by the University of Southern California at Northridge.

During the 120 hours internship Mrs. Star was exposed to all aspects of traditional food microbiology and chemical testing. Eva was always willing to offer her assistance and had an excellent rapport with her colleagues and supervisors. She will be an asset to any employer and I recommend her for any endeavor she chooses to pursue.

Sincerely,

Claudio Cardelli Ph.D.
Lab Director
